

# Nenets Autonomous Okrug: Installations related to hydrocarbon industry

- Town
- Village or settlement

**GoogleEarth image coverage**  
Areas with high resolution images show more detailed and more reliable information. Note that images are from various years. Areas with low-resolution images are indexed with the year where known.

- High-resolution areas in GoogleEarth
- 2004 year of high-resolution satellite image
- 2004 year of low-resolution satellite image

- Industrial sites**
- ▲ Oil terminal
  - Industrial settlement
  - ▲ Oil terminal, planned, alternatives
  - ▲ Gas terminal, planned
- Roads and tracks**
- Road
  - Track, multiple (ca. 50-200 m broad)
  - Track, single or less than ca. 50 m broad
  - Forest corridor

- Drilling sites and related installations**
- ▲ Production site
  - ▲ Drilling or production site
  - ▲ Test drilling site, possibly abandoned
  - ▲ Test drilling site, abandoned
  - Power station
  - Industrial site
  - Industrial site, abandoned
  - ★ Gravel pit
- Oil fields**
- Gas and gas condensate field
  - Oil and gas condensate field
  - Oil field

- Pipelines**
- Gas pipeline, above surface
  - - - Gas and condensate pipeline, planned
  - Oil pipeline, above surface
  - - - Oil pipeline, above surface, uncert. pos.
  - Oil pipeline, sub-sea
  - - - Oil pipeline, planned
  - - - Oil pipeline, planned alternative
